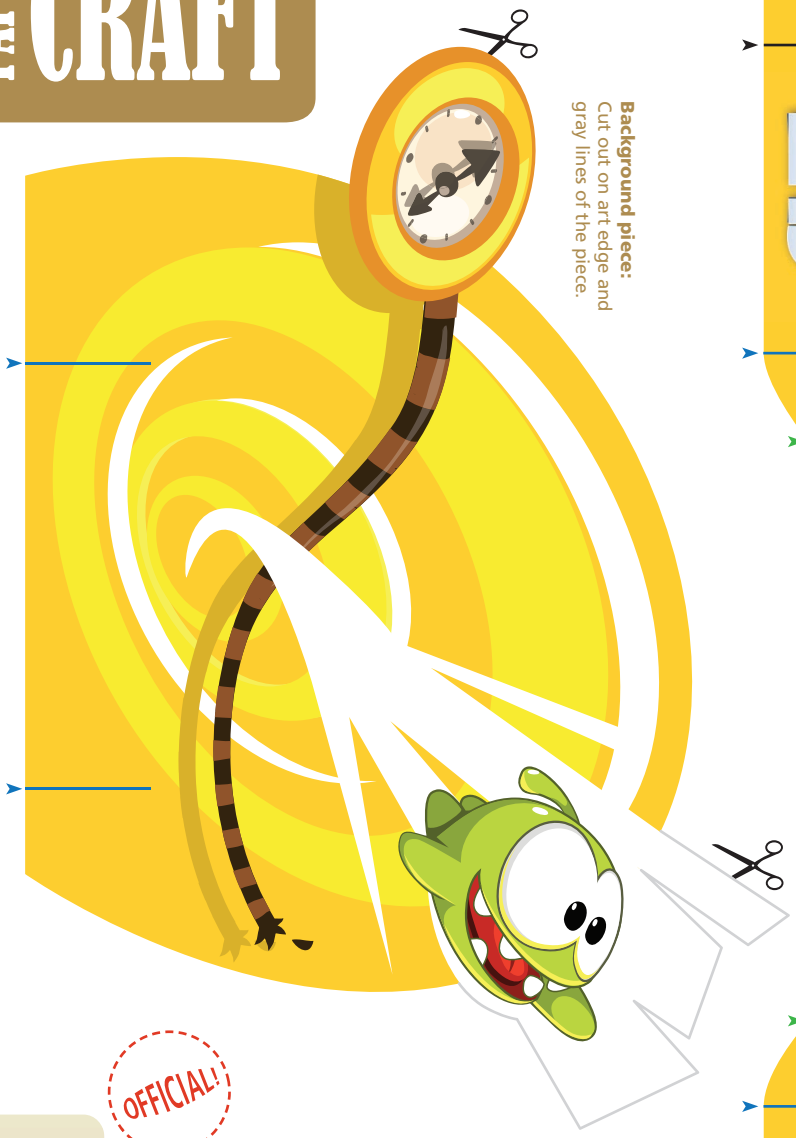
ASSEMBLE!

No tape? No glue? No knives? No kidding!

HERE'S HOW: Trim out the 3 pieces that form your paper craft as indicated. Don't forget to cut the assembly slots in each piece.

Top view progression: Roll the "base" piece into a loop-type shape and secure by sliding the two vertical BLACK slots into each other. (Loose ends stay INSIDE the loop.) Then insert the "background" and foreground" pieces into the base by aligning the corresponding BLUE and GREEN slots.



Background piece: Cut out on art edge and gray lines of the piece.
